

# VINYL TELEMETRY UNIT POUCH

<u>Reorder#</u>	<u>Unit</u>
901120	100/Cs.

## Purpose

These durable vinyl pouches protect costly telemetry units and assist in providing more accurate readings.

## Easy to Use

Thread the enclosed tapes through the holes in the pouch. (See illustration at right) Secure the top tie behind the patient's neck and the bottom tie around the lower chest. (See illustration above) For convenience in tying and for patient comfort, cut off excess tape.
